To the Beiseker Chamber of Commerce,

I would like to congratulate the Chamber for the excellent work that they do. Many of the improvements around the village are here because of their hard work.

I would also like to congratulate the various volunteer and service organizations for their contributions towards bettering the village. These include but are not limited to the Lions, Fire Department, Library, Community Links, AG Society and the Museum. This year we also have the committees who are arranging for our Centennial celebrations.

The village is fortunate to have a K-12 school, two churches, a Medical Centre as well as numerous businesses. Hopefully our commercial and retail growth will continue.

Hats off to all those who make Beiseker a place to call home.

Warren Wise
Mayor
Village of Beiseker

To the People of Beiseker,

This business directory is brought to you by the Beiseker Chambers of Commerce. The chamber is always looking out for the betterment of the small businesses within the village. The hope is that this directory will allow the people of Beiseker to support local business, for businesses to thrive, and to have new businesses enter the community.

Sharon King
President of Chamber of Commerce

Crossroads *to the Future*

History of Beiseker

The Village of Beiseker was first colonized in 1908 by a number of ethnic German settlers. The purpose of this colonization was to promote settlement by demonstrating the grain growing potentials of the area. Beiseker received its name from Thomas Lincoln Beiseker that lived from 1866 to 1941. He was a partner and vice president of the Calgary colonization company. The village began to grow in 1910 when the Canadian Pacific Railway was completed. This is when stores started to open in the local area which housed a school and a dance hall. Village status was achieved in 1921 where several local services and trade centers were established surrounded by rural agriculture area.

Beiseker bucks have been around since 2015 and work exactly like a \$10 coupon at local establishments.

“Within Beiseker, you can take it to any business, whether they’re a Chamber member or not, and get \$10 off your purchase,” said Chamber president Sharon King.

“Being a small town with small businesses, we wanted to try to get people shopping within Beiseker as opposed to driving to the city,” she said. “We’ve found it really has had a good reception.”

Shop local and support your neighbors
