

VILLAGE OF BEISEKER

| | | |
|--|---|------------------------|
| Title | COUNCIL LIAISON ON BOARDS AND COMMITTEES | POLICY NO: B-37 |
| Legislation Reference | | |
| Purpose: To establish a policy with regard to Council Members positions on Boards and Committees | | |

Policy Statement and Guidelines:

Council members that are appointed to any external Board or Committee are to be liaisons between the board or committee and Council unless otherwise required by the organization. For instance, in some cases, the appointed Council member is required to perform as a member of the Association as opposed to a representative of the municipality that they belong to. Council Members are responsible for understanding their roles.

In the case where a Council Member is acting as a liaison between Village of Beiseker Council and the board of a committee or board, the Council Member should refrain from taking the position as Chairperson when possible. This is an effort to suppress any perceived influence by Council on the organization that they are appointed to.

This policy does not apply where the board or committee is comprised only of members of Council.
