

Title	SNOW REMOVAL POLICY	POLICY NO:	F-30
Legislation Reference	Municipal Government Act, Division 4, Beiseker Snow Removal Bylaw 2019-02		
Purpose To establish a procedure and priority for snow removal by the Village of Beiseker Public Works Department.			

Policy Statement and Guidelines

1. Snow removal will be at the discretion of the Public Works Foreman or when 5 inches or more snow has fallen and has accumulated by following the priority map (attached).
2. Sidewalks and parking lots for all municipal owned buildings will be cleared by Public Works.
3. When time permits, entryways into back lanes will be cleared.
4. 6th Street will be plowed to the centre of the street.
5. When and if time and resources permit, all other roads will be plowed to each side, except where there are no buildings and then on one side of the road. The prioritizing of plowing will be at the discretion of the Public Works Foreman and can be based on a number of factors including drifting, access to important facilities, other access to lands, etc.
6. Back alleys will be plowed if time and resources permit, but generally only after all other roads have been plowed.
