Council Report: Regular Meeting of Council – March 23, 2026

Prepared by: Brandon Martin

Water/Wastewater:

- I attended the AWWOA annual seminar from March 09-13. I was able to chat with some vendors, attend technical sessions, and network with other operators and regulators. The sessions I attended focused on:
 - Preventative maintenance on vertical turbine pumps
 - Pump cavitation
 - Wastewater aeration to improve system efficacy
 - Control panel assessments
 - Stormwater best management practices
 - New regulatory reporting requirements for EPEA regulated drinking water systems
 - Biological management to improve lagoon health
 - Lift station bypass planning
 - Self cleaning lift station pump technology
 - Supervision

This seminar provides a great opportunity to talk to industry professionals and provides a large chunk of CEUs required for certification renewal.

- Public Works is monitoring stormwater flow with the recent warmer weather.
- Rocky View School division notified us of a sag in the sanitary service line for Beiseker School which caused sewer backups. Their plumber claims it is under the road, and I am waiting for their camera footage to confirm.

Garbage/Transfer Station:

- We had a site visit from DDSWMA, during that visit I expressed our interest in using the second transfer station to dump our truck into. They have reached out to arrange a meeting to discuss.

Roads and Streets:

- The new speed signs have been made. Public Works will be picking them up Monday, March 23.

Buildings:

- The drywall at the hall has been replaced and painted. Remaining work includes reapplying the wallpaper and baseboards.

Other:

- No items to report.

CAO REPORT – MARCH 23, 2026

The Junction

The Village has received development permit applications for two new single-family homes located in The Junction subdivision. All required approvals, including building permits and associated permits, have been submitted and processed. Excavation for the foundations is expected to begin very soon.

Subdivision and Development Appeal Board

Parkland Community Planning Services (PCPS) is expected to close at the end of March 2026. As a result, the Regional SDAB, in which our municipality participates, will no longer have a coordinator to operate the system.

I have reached out to Palliser Regional Planning Services, and they have advised that we are welcome to join their Intermunicipal Subdivision and Development Appeal Board (ISDAB) once our Council adopts their bylaw and agreement.

Re-Districting Proposal

On Thursday, March 19, I met with Palliser Regional Planning Services, Carswell Planning, and the property owner to discuss the proposed re-districting development within the Village. Upon receiving additional information from their planners, I will convene a follow-up meeting with this group, along with our engineers and Public Works Foreman, to review the gravel portion of 1st Avenue south and consider any necessary road upgrades to support access to the development, should it be approved.

Budget Meeting

On March 11, I met with Council and our Chief Financial Officer to review the upcoming budget projections for each Village department.

FCSS/Rec Coordinator

Administration is pleased to welcome Brittany Kehler as our new FSCC/Rec Coordinator. Brittany began her role with the Village on Monday, March 9. She currently works with the Boys and Girls Club in Airdrie and brings a wealth of experience to the position.

In this part-time role, Brittany will be connecting with local groups and organizations to gather ideas and support planning initiatives for the community.

Village Audit

Vista Accounting Professional Corporation auditors will be on-site in the Village office from April 7 through April 10.

Community Futures

I met with Chantale Sangster from Community Futures on March 16th to discuss our community investment readiness, focusing on human capital, governance, infrastructure, real estate, economic capital, and marketing communications. A draft report will be shared with our Economic Development Committee for their input. Once their feedback is received, it will be sent back to Chantale, and the report may go through several revisions before being finalized for Council.

Council Notes

Municipal Accountability Program (MAP) Review

The Village of Beiseker participated in a Municipal Accountability Program (MAP) review conducted by Alberta Municipal Affairs on November 6, 2025. The review assesses municipal compliance with key legislative requirements under the *Municipal Government Act* and related regulations.

Municipal Affairs has accepted the Village's MAP report. The report identifies:

- Areas where the Village is in legislative compliance
- Areas requiring attention to achieve compliance
- Recommendations and resources to address identified gaps

Administration has received the final report and is currently reviewing the findings in detail.

As required by Municipal Affairs, the Village must submit a Response Plan within eight (8) weeks of receiving the report. The plan will:

- Outline actions to address each identified gap
- Include anticipated timelines for completion (not exceeding one year)

The Response Plan does not need to be complex and will be presented in a checklist format with target completion dates.

Municipal Affairs encourages sharing the MAP report with Council to:

- Increase awareness of municipal legislative responsibilities
- Support good governance practices
- Promote transparency and accountability with residents

Council will be kept informed of progress, and may be required to:

- Review and adopt updated or new bylaws
- Support policy or procedural changes as needed

Municipal Affairs will provide advisory support throughout implementation. As actions are completed, Administration will submit required documentation (e.g., bylaws, resolutions, policies) to confirm compliance.

The MAP review provides a valuable opportunity to strengthen administrative practices and ensure full legislative compliance. Administration will proceed with developing the Response Plan and will report back to Council for review.

Summary of MAP Findings

The MAP review identified legislative and policy gaps in the following areas:

1. **Procedural Bylaw** – Bylaw 2024-13 addresses councillor conduct, which is inconsistent with MGA Section 145(9).
2. **Public Participation** – Policy B-38 not reviewed within required four-year timeframe.
3. **Electronic Meetings** – Procedural bylaw does not meet MGA Section 199 requirements.
4. **Bylaw Consolidation** – No bylaw authorizing a designated officer to consolidate bylaws.
5. **Operating and Capital Budgets** – Operating budget missing capital transfers; capital budget missing transfers from operating budget.
6. **Multi-Year Financial Planning** – No five-year capital plan prepared.

Interim Chief Administrative Officer
Village of Beiseker
PO Box 349
Beiseker, AB T0M 0G0

Dear Ms. Peckham:

Your participation and cooperation during the Village of Beiseker's, November 6, 2025, Municipal Accountability Program (MAP) review is greatly appreciated. On behalf of the Minister, I have accepted the Village of Beiseker MAP report as prepared by the Municipal Affairs staff who met with you. I am confident the outcomes will be beneficial for the ongoing successful administration of the village.

Attached is a copy of the report, which identifies areas of legislative compliance, as well as areas deemed to be legislatively non-compliant and requiring the village's attention. Recommendations and resources are also offered to assist in remedying any legislative gaps.

Now that you have received the report, the next step in the process is the municipality's preparation and submission of a response plan. The plan details the actions the municipality will take to rectify these gaps identified in the report. Please submit the plan to MAP within eight weeks of receiving this letter. The response plan must include a timeline for completion, which is not to exceed one year.

Development of the response plan ensures that you have read the report and the recommendations and have considered the time and resources required to address each item. The plan does not need to be complex – a simple checklist with anticipated completion dates will suffice. In addition, having a plan lets the MAP advisors provide timely support to you as needed.

Section 1: Introduction

1.1 Our Commitment

Alberta Municipal Affairs is committed to assisting municipalities in providing well-managed, accountable local government to Albertans. To achieve this, Municipal Affairs plays an important role in assisting and supporting municipalities in Alberta through various programs to foster capacity building, transparency, and accountability, which are essential elements for responsible local government.

The *Municipal Government Act (MGA)*, which provides the legislative framework for local government in Alberta, has numerous mandatory requirements that may at times seem overwhelming and difficult to manage for municipalities. Municipalities are also bound by other statutes and corresponding regulations that fall under the purview of Municipal Affairs. Compliance with these statutes and regulations is essential to good governance, the successful operation of a municipality, and the viability, safety, and well-being of a community. The Municipal Accountability Program is designed to help municipal officials successfully meet the challenges involved in responding to this wide range of legislative needs.

1.2 The Municipal Accountability Program

With a focus on continuing to strengthen municipal accountability and transparency, the purpose of this program is to:

- enhance their knowledge of mandatory legislative requirements with a primary focus on the *MGA*;
- assist municipalities in achieving legislative compliance;
- support municipalities in being well-managed, accountable, and transparent; and
- provide a collaborative partnership between Municipal Affairs and municipalities to address legislative discrepancies that may exist.

The Municipal Accountability Program consists of multi-year review cycles ordered by the Minister under the authority of Section 571 of the *MGA*. Municipalities with populations of 2,500 or less are automatically scheduled for a review once every five years. The Village of Beiseker was selected for a municipal accountability program review in the 2025-2026 program year.

Working with the chief administrative officer (CAO), support is provided to mitigate any minor legislative gaps that may be identified. Ministry staff work with CAOs to validate compliance, identify gaps, provide resource information, and develop corrective solutions where needed. The outcome of this program will be strong, well-managed, accountable municipalities, and a strong collaborative relationship between the CAOs and the ministry.

The results of the Village of Beiseker review, contained in this report, are offered to support the municipality's efforts in achieving its goals for ongoing legislative compliance with the *MGA* and its associated regulations, as well as other legislation under the responsibility of Municipal Affairs.

Section 2: Executive Summary

2.1 Methodology

The Municipal Accountability Program consists of a review of council meeting minutes, municipal bylaws, and other municipal documents. A site visit or electronic interview with Village of Beiseker administration is also included. These components assist in determining areas where the municipality is compliant with legislative requirements, and to identify any areas that require improvement to achieve compliance with the many requirements of the *MGA* and other legislation imposed on municipalities.

Municipal Affairs staff met with Village of Beiseker administration on November 6, 2025, by electronic means. This format was used to complete the Municipal Accountability Program review, and to examine compliance with mandatory requirements of the *MGA* and other legislation under the purview of Municipal Affairs.

The Village of Beiseker is commended for their cooperation and assistance throughout the review. As well as the time commitment required, municipal staff promptly responded to questions and provided documentation as requested. Ministry staff appreciate this additional time and effort and recognize the commitment to the well-being and success of the municipality demonstrated by the Village of Beiseker administration.

2.2 Legislative Compliance and Gaps

The findings of this review are highly encouraging and reflect the municipality's strong commitment to good governance, accountability, and compliance with the legislative framework established under the *MGA*. The results demonstrate that the municipality is not only meeting its mandatory obligations but is also fostering a culture of diligence and responsibility in its operations.

For a detailed list of the areas in which the municipality was found to be legislatively compliant, or discretionary areas not implemented by the municipality, please refer to Appendix A at the end of this report.

Specific areas where the municipality is required to take action to achieve compliance are included below, along with the page numbers which detail the legislative requirements and the gaps to be addressed:

- procedural bylaw is compliant with the *MGA*;
- meetings be open to the public and adopt a public participation policy;
- meetings conducted by electronic means be in accordance with the *MGA*;
- pass, amend, and revise bylaws in accordance with the *MGA*;
- adopt an operating budget;
- adopt a capital budget;
- prepare a three-year operating plan and a five-year capital plan;
- appoint an auditor, ensure the audited statements are submitted to the ministry on time and approved by council;
- borrowing bylaws to be in accordance with the *MGA*;
- tax payment and tax penalty bylaws to be in accordance with the *MGA*;
- establish a municipal development plan in accordance with the *MGA*; and
- any offsite levy bylaws be in accordance with the *MGA*.

Pages which detail the legislative requirements and the gaps to be addressed begin on [page 8](#).

2.3 Next Steps

This report contains a complete summary of the Municipal Accountability Program review including legislative requirements, comments and observations, recommendations for actions, as well as links to resources to assist the municipality.

A response by the municipality is required that includes a plan detailing the actions to be taken to rectify the legislative gaps identified in this report. This response must be submitted to Municipal Affairs within eight weeks of receiving this report. For your municipality's convenience, this report has been formatted to provide space in each Section for responses to the findings on each particular area of non-compliance; however, your municipality is not required to use this report to provide its responses and may prefer instead to develop a customized document for the responses and implementation plan.

Ministry staff are available to provide support and additional resources to guide the municipality through the development of the plan and to successfully address the legislative gaps identified. The review will formally conclude upon receipt of documentation confirming that all items have been addressed.
